Introductions made of participants.

Katy Duren gave a summary of the situation. This current fee situation was a result of changing the capstone programs from the Graduate career to Special (DCS) career, which resulted in fee changes to Special rates. They need to be moved to Graduate rates for all starting in term 1082. Those with prior admit terms will be grandfathered into the older special tuition rate.

Proposal document of that move was presented by Craig Stevens of the Registrar’s Office and it was discussed and approved. The final will be posted to the web link on the Registrar’s home page at:
http://registrar.wisc.edu/tuition/nonstandard_fee_courses.php

Details of what was agreed upon and the procedures are in the document: Capstone Programs Move to Designee System final.
